

SCHAEFER BRUSH

QUALITY | SERVICE | INTEGRITY

BRUSHES FOR:

MRO/INDUSTRIAL

Schaefer's brushes fulfill many needs and are widely used for surface preparation, treatment, and scheduled maintenance to keep manufacturing equipment performing at its best.

SCHAEFER BRUSH

QUALITY | SERVICE | INTEGRITY

Schaefer Brushes are industrial quality, long-lasting, efficient cleaning tools designed to perform under heavy use by tradesmen, manufacturers and maintenance professionals. Our in-house design and engineering teams, manufacturing capabilities and extensive inventory makes us the right choice for both your most common and custom brush needs.

THE MOST RESPONSIVE SERVICE AND PRODUCT AVAILABILITY

Distributors and manufacturers value Schaefer Brush's product availability and reliability, competitive pricing, and our timely response to customer needs. End users value the durability and reliability of our brushes.

In business since 1905, Schaefer Brush has extensive experience in brush applications, bolstered by engineering expertise for designing custom brushes, complete brush systems, and brush components for machinery. With an extensive portfolio of tradesman quality brushes in stock and unlimited custom brush capabilities, we are one of the most diverse brush manufacturers in the industry.

Our pre-engineered and custom brushes are tailored to meet the needs of MRO/Industrial technicians and maintenance/repair businesses and are widely used for surface preparation, treatment, and scheduled maintenance to keep manufacturing equipment performing at its best.

Our wire wheel and cup brushes offer a unique alternating knot design that reduces power tool vibration, lowers operator fatigue, and extends the life of the brush.

We know the requirements of MRO/Industrial cleaning and maintenance to keep things running efficiently. If you can't find exactly what you are looking for, contact us at **800-347-3501** and our knowledgeable staff will assist you.

PROUDLY MADE IN AMERICA

Schaefer Brush's 70,000-square-foot facility in Waukesha (located west of Milwaukee), Wisconsin, includes automatic twisting machines, automatic staple machines, engineering, and a fully equipped and staffed machine shop. That capacity allows us to get product to distributors and end users quickly.

Our customer service staff is ready to take your calls between 8 a.m. and 4:30 p.m., Central Time, toll-free at **800-347-3501**.

Schaefer Brush

1101 South Prairie Ave. | Waukesha, WI 53186

MARKETS: **TRADESMAN QUALITY BRUSHES**

Modern technology and equipment deliver precision and quality combined with the talent, knowledge, and dedication of our team, enables Schaefer Brush to deliver tradesman quality brushes for a variety of markets including HVAC/Refrigeration, Plumbing, Maintenance and Manufacturing.

MRO/INDUSTRIAL

INDUSTRIAL TUBE BRUSH | SCRATCH BRUSH | SCRUB BRUSH | CHIP BRUSH

Schaefer's brushes fulfill many needs and are widely used for surface preparation, treatment, and scheduled maintenance to keep manufacturing equipment performing at its best.

HVAC/REFRIGERATION

**FITTING BRUSH | TUBE BRUSH | BOILER/FURNACE BRUSH
CHIMNEY BRUSH | HVAC/REFRIGERATION ACCESSORIES**

Our pre-engineered and custom brushes are tailored to meet the needs of HVAC technicians and maintenance/repair businesses to prepare and maintain heating, venting and air conditioning systems.

PLUMBING

FITTING BRUSH PLUMBING | PLUMBING ACCESSORIES

Schaefer Brush offers a wide variety of copper fitting and plumbing tools and accessories. These include Stainless Steel and Carbon filament fitting brushes to clean and deburr fittings and tubing in a variety of plumbing applications.

CONVEYOR CLEANING

CHANNEL/BEAM SWEEP | S-VECO SELF CLEANING ASSEMBLY MODULAR

Schaefer Brush offers cleaning solutions for conveyor systems that are used in surface cleaning and preparation processes.

CUSTOM OPTIONS

Looking for a custom brush for your unique application, but not quite sure where to start? We do. Let's talk.

With more than 100 years of experience in brush manufacturing, we have the engineering skills and manufacturing capacity to create custom brushes for any application. We can consult with you on your needs, then design and manufacture the appropriate brush, or we can manufacture based on your design.

Custom brushes can be designed with aluminum, steel or stainless steel cores, and with any filament type.

Filament types include nylon, polypropylene, polyester, tampico, horse hair, brass, phosphorous bronze, stainless steel, carbon steel and, for metal-back strip brushes, silicon carbide and aluminum oxide.

For more information on custom options, contact Schaefer Brush at **800-347-3501** or visit schaeferbrush.com.

Need larger quantities? We can do that.

We offer bulk ordering and bulk packaging is available. For more information on large-quantity ordering, contact Schaefer Brush at **800-347-3501** or visit schaeferbrush.com.
